## WHAT IS THE CENTER FOR COMMUNITY TRANSITION?

The Center for Community Transition offers holistic, connected programs and services to improve successful life transitions from high school to college, career and independent living. Customized supports and services are provided directly to youth and young adults, their families, advocates, educators, professionals, service providers and area-wide employers. Working collaboratively with stakeholders, we prepare young adults with disabilities to achieve their personal choices and goals, and access opportunities to fully participate in college, career and independent living.
